## BROKER'S COMMENTS

"Motor yacht Timeless, built by Alu Shipyard, was launched in 2018. Made entirely of aluminum, the vessel gives a transatlantic range with 12,700 liters of fuel. Two decks equipped with every luxury will make this voyage very comfortable. The fly bridge is perfect for enjoying the sun, accompanied by barbecue, large seating area and wet bar, protected by a retractable Bimini. The vessel will be auctioned soon. If you want more information please contact us (new price 6.5 million excl VAT, photos January 2023)."
