## BROKER'S COMMENTS

"The Conrad 91 is a sailing yacht of which there are very few available on the market. Unique modern design, excellent sailing performance, spacious cockpit and below decks space not often found on a 90 foot sailing yacht. Aimed at optimal performance, with a carbon mast and high tech sails, and to sail with crew for whom separate accommodation is available. With an aluminum hull and carbon mast, this yacht has low fuel consumption, resulting in a low carbon footprint and a cost-effective voyage. Be convinced by a viewing and make an appointment now!
